- Far too many Jack Altman's in ancestry. The only way we are getting into Jack's personal history is running his Beach Channel Drive QTH as Ancestry checks are somewhat futile for the time being.

Jack Altman was half interest party selling the mentioned property in 1987-04-06 - He had an elementary school education and occupation as Chauffeur for a private family in NY. Jack's mother Jane Altman was a Furrier by profession and born in Russia. Material listed in the 1940 U.S. Census. It is unknown when Jack expired but his nifty QSL cards keep showing up on Ebay causing some inquiries. The Wave the Rockaway Beach NY daily news has some Altman articles in the portion of 1962 but may or may not associated with the party we are researching.
