

# HERE'S OLD MAN "CQ"

*Official Convention Souvenir*

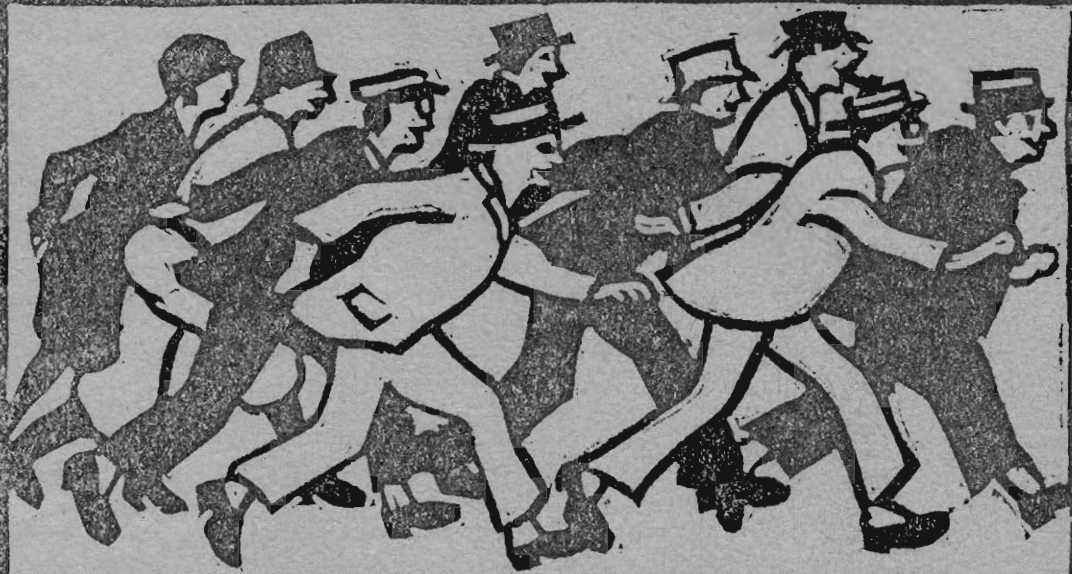

"CQ" truly depicts the brass pounding moments of the radio amateur's life. Here's the ob in action, pounding out in grand style, the international theme song of the "ham"—CQ. Realistic to the 'nth degree and life-like in every detail.

"CQ" is not a toy, nor is it a cheap novelty. It is a possession to be proud of. It presents a rich and luxurious appearance—stands five inches high, is made of special casting material and is finished to give a high-lighted bronze effect.

You need this novelty to liven up your shack. Ask any of the Convention officials or get in touch with W6DQG.

Your own call imprinted on each statue (in place of W6BMY as shown)
