Charles E. Matthews W4CYP *1915-1975* Of Madison, TN. To Julian (assistant superintendent cemetery) and Mabel Matthews. Charles eventually earned his amateur radio ticket and apparently was on the staff of Mt Olivet Cemetery and Funeral Home in the 30s according to his QSL card.

Charlie married Dorothy Marie Fields at Nashville in 1937. They had two children Charles III and Dorothy Jean. Mrs. Matthews suffered debilitating injuries in 1959 when a office building collapsed adjacent to her work place. Those injuries affected her for life but she was able to work and continue her hobbies of sewing, knitting, crochet and ancestry foto albums.

I had asked the Mt Olivet staff January 25th 2012 if they could advise anything about Chas and what became of him. They replied, "Due to the fact Mt Olivet has had many owners over the years, it is impossible to learn anything about Mr. Matthews from the few remaining records, we've asked our staff about Charles and no one currently knows anything about your subject. Sorry couldn't help."

Chas E. Matthews RIP Om expires October 1975 at Madison, Tn. We have his wife Dorothy's obit.

He was listed in the 1949 Call Book in Madison Tn. A salute to the Ghost of the air.

Late word from Charlie Matthews' granddaughter Deborah. My grandfather was a long time radio engineer for WLAC-AM - transmitter, shortly after retirement he expired of lung cancer. Burial at Mount Olivet Cem.

Thanks to Mt. Olivet Staff. QSL card from internet files.
